## **NEWARK, DELEWARE PAVING CONTACTOR**

### **Delaware Paving and Concrete Contractor**

B. Johnson Inc. Provides complete paving, concrete and excavation services for residential, commercial and industrial customers in Newark, DE, Wilmington, DE and the surrounding tri-state area. We respect your time and take care to manage our services around your schedule. Our paving, excavation and concrete crews complete all their work with as little disturbance to your property as possible.

### **Experienced Paving Professionals**

We have been providing quality paving, concrete, excavation and demolition services since 1994. The vast majority of our business, in fact 95%, comes through our customer referrals. We are proud of the large base of satisfied residential, commercial and industrial customers we have developed over the years.

### **Asphalt Paving and Concrete**

We provide a comprehensive selection of asphalt paving and concrete services to match any type of project requirements you present. Some of our asphalt services include resurfacings and overlays, parking lots and driveways, roads, seal coating and crack filling. As one of the premier concrete contractors in the local region we provide a wide array of concrete services including foundations, sidewalks, driveways, curbs, floors and walls.

### **Site Excavation & Grading**

Our site excavation services are provided for both residential and commercial projects involving demolition, total site prep, grading, stone installation, hauling and more.

### **Demolition & Snow Removal**

We perform demolition of any obstacles you need removed. Some of our demolition services for residential, commercial and industrial customers include building demolitions, wall teardowns, parking lot demolitions, roadway demolitions, debris removal and snow and brush removal.

## **SNOW REMOVAL**

### **Residential**

If you are a private residence with a 1 to 4-car driveway it will take a snowplow a few swipes to clear your driveway. As with our maintenance services, your B Johnson representative is ever conscious of your budget.

### **Commercial**

If you have a business parking lot then you will need to get a customized quote. We start by walking every inch of your site, mapping out and flagging traffic patterns, curbs, fire hydrants, and other hazards that might not be so evident under a foot of snow.

### **Corporate**

Our staff is fully trained on snow equipment operation, on-site troubleshooting and safety. We don't only monitor the weather forecast leading up to the storm, but we plan according to when the weather will hit and what's going to happen after the storm.

### **Management**

B Johnson takes a proactive approach to the winter season. Well before the temperature drops we work with you to formulate a comprehensive snow and ice management plan.

## **SERVICES**

**At B Johnson we have the knowledge and resources to handle all your snow removal needs. You'll discover that we take great pride in giving you a safe winter environment. You will also enjoy our outstanding customer service.**

**Snow Plowing, Snow Hauling, Sidewalk Clearing, Salting, Parking Lots,  
Complete Winter Services**

## **SNOW AND ICE MANAGEMENT**

### **Walking in a winter wonderland is great.**

Beautiful white flakes fall from the sky. Not one of them is completely alike. It's amazing to see the first flakes of the season fall to the ground. After that, we're stuck wondering whose going to clean it up so we can get in and out of the driveway. Snow removal is a necessary evil that comes with the territory of living in a cold winter climate. You can spend the time and energy doing the job yourself or hire someone to do it for you and save yourself the time, energy, and backaches.
